

National Medical Staff Services

Awareness Week

November 2nd–8th, 2014

How do you know that when you seek medical care the practitioners you see are properly educated, licensed, and trained in their specialty?

During **National Medical Staff Services Awareness Week**, we recognize medical services professionals—important members of the healthcare team who are dedicated to thoroughly investigating and verifying the credentials of healthcare practitioners. These women and men also have expertise in areas such as medical staff organization, accreditation, regulatory compliance, and provider relations.

Don't forget to stop by and say hello to your medical services professionals.
